

CELLUTRAK

Powered by  ITURAN

Global leader in vehicle location services

The global leader in Vehicle Location Services, CelluTrak, is the result of a partnership between Ituran, a leading pioneer in Vehicle Location Services, and Celluland, a major international telecommunications retailer.

CelluTrak is the product of nearly \$150 million dollars in research and development by Ituran which has established an international presence across three continents, and is publicly traded on the NASDAQ exchange under the ITRN banner.

STABILITY AND SERVICE AT YOUR FINGERTIPS

CelluTrak products and services have a proven track record of meeting customer needs and demand. In addition to leading the way in technology and product development, Ituran provides 24/7 customer support to more than 800,000 subscribers worldwide.
